

2017 Proposed Operating & Enterprise Fund Budget

CITY OF
CLARKSTON

where possibilities grow

Submitted 11-10-2016

City Manager

Keith Barker

MEMORANDUM

To: Mayor Ted Terry
 Councilwoman Beverly Burks
 Councilman Awet Eyasu
 Councilman Ahmed Hassan
 Councilman Dean Moore
 Councilman Mario Williams

From: Keith Barker ICMA-CM, City Manager

Date: November 10, 2016

Re: Proposed 2017 Fiscal Year Budget

Please find attached the proposed FY 2017 All Funds Budget for the City of Clarkston. This budget was compiled based upon the input and assistance from each department and the Finance Director. The proposed budget, as presented, is balanced, i.e., revenues equal expenditures, in accordance with Georgia State Law.

BUDGET OVERVIEW

The total proposed FY 2017 Expenditure Budget for all funds is \$8,385,006. The total proposed FY 2017 Revenue Budget for all funds is \$8,385,006. Both the Expenditure and Revenue amounts represent increases of \$2,548,496 as compared to \$5,836,510 FY 2016.

The proposed FY 2017 General Fund Operating Budget of \$7,680,507 represents a \$2,564,197 increase as compared to the FY 2016 amount of \$5,116,310. In addition to the General Fund operating budget, a Capital Projects budget, a Matching Grants Fund budget and a Community Development Projects budget have been included in this budget document. Segregation of these expenditure types will allow for a more transparent budgeting process. Details regarding expenditures in all four categories are included in this budget transmittal letter.

The total cost for Retirement Contributions has increased from \$176,460 in FY 2015 to \$201,926 in FY 2016. At 3.9% of total General Fund Operating expenditures, this amount is still within acceptable industry standards for this expenditure category. The Retirement Fund continues to be 100% funded.

Administration

Total expenditures in the Administration Department have increased from \$924,204 in FY 2016 to \$974,647 proposed in FY 2017. Although there is a slight overall increase in the Administration Department budget in FY 2017, this department budget has been reduced from \$1,328,261 in FY 2015. Personnel costs such as, Group Health Insurance, Retirement and Worker's Compensation Insurance have been allocated to each department versus including those expenditures in Administration. Allocating Personnel costs to the department budgets will provide a more accurate picture of the cost to provide that particular municipal service. The Administration Department budget figure represents 14% of the total General Fund Budget.

Despite rising health care costs, the total cost for Group Health Insurance has decreased from \$374,148 in FY 2016 to \$373,812 in FY 2017. Group Health Insurance costs remain reasonable as this amount represents only 4.9% of total General Fund Operating expenditures.

The City of Clarkston Defined Benefit Retirement Plan formula has historically been below what comparable municipalities provide their employees. Marginal plan enhancements were made beginning in FY 2014 however these enhancements were effective only as far back as the 2014 service year and therefore did not extend back to an employee's initial date of hire. In order to aid in the recruitment and retention of a qualified workforce especially public safety employees, and to provide a fair and equitable retirement to long serving employees, additional enhancements to the current Retirement Plan are proposed and included in this FY 2017 budget. The total cost for Retirement Contributions in FY 2017 will be \$398,638 as compared to \$201,926 in FY 2016. At 5.2% of total General Fund Operating expenditures, this amount is still well within acceptable industry standards for this expenditure category.

Police

For FY 2017, the Clarkston Police Department authorized and funded staffing level is recommended at twenty-four (24) full time personnel. Full-time personnel are organized as follows; a Police Chief responsible for management of the department, an Assistant Chief who commands the operational uniform and criminal investigations divisions, a Captain that is currently assigned to a DEA Task force, three (3) detectives and seventeen (17) patrol officers, four (4) of whom are Sergeants serving as shift supervisors.

In addition to the above and new for FY 2017, the City Council has authorized the reclassification of one (1) former patrol officer position to a Training and Certification Officer. This position will serve as the department's accreditation and state certification manager and will also serve as the department's training officer to insure all personnel meet P.O.S.T certification requirements.

The recruitment of qualified and desirable candidates to fill our police officer positions has been a challenge. There has been a reduction in the number of qualified individuals choosing law enforcement as a profession. Consequently competition to attract and employ qualified candidates has increased. Additionally, we continue to lose experienced officers once they have obtained two to three years of training to other agencies. Despite efforts in 2016 to remain competitive such as; increasing the starting salary and providing signing bonuses for new officers, the police department continues to maintain an average of four (4) vacant police officer positions throughout the 2016 budget year.

As a result of informal discussions and surveys of current police officers and exit interviews conducted with officers choosing to separate and join other departments, the following retention strategies are recommended for FY 2017.

1. Improve Retirement Plan Benefits
 - a. Improve and increase benefit formula
 - b. Provide up to 3 years of credited service for prior local government/military experience
2. Create Master Police Officer (MPO) rank
 - a. Eligible after 3 years of continuous service
 - b. Provide 3% salary adjustment upon obtaining MPO rank

The lack of qualified police officer candidates is not unique to Clarkston as surrounding municipal agencies are reporting similar difficulties with recruitment efforts. As a result of this continuing vacancy rate and in an effort to propose a fiscally conservative budget, I am recommending that we not fund two (2) vacant police officer positions in FY 2017. If during the 2017 fiscal year, all vacant police officer positions are filled and if there are qualified candidates available and there exists a demonstrated need to fill those positions, the administration will request a budget amendment requesting an appropriation of funds to fill those positions.

Currently the Clarkston Police Department Criminal Investigation Division (CID) fleet consists of three (3) vehicles; a 2009 Crown Victoria with 148,485 miles, a 2010 Crown Victoria with 117,993 miles and a 2010 Crown Victoria with 98,410 miles. The department continues to experience numerous mechanical problems and high repair costs on these vehicles due to the excessively high mileage. Therefore, this budget anticipates the lease purchase of three (3) new 2017 Dodge Chargers. The capital costs to purchase and equip all 3 vehicles will \$94,000. The vehicles will be acquired through the GMA lease purchase program and will be financed over a 5 year period with a 2.77% interest rate. The first annual payment of \$20,400 has been included in this FY 2017 proposed budget.

Accountability and transparency in government is critical. This is especially true for law enforcement. Many jurisdictions have implemented the use of body worn cameras as a means to accurately capture interactions between law enforcement personnel and the public. The technology has evolved to a point where equipment reliability, costs to purchase the hardware and store the enormous amounts of data is affordable for a department our size. Accordingly, I am recommending that we purchase eighteen (18) body worn cameras in FY 2017. The total costs for the body cameras will be \$106,100. The body cameras will be purchased utilizing a lease purchase arrangement and will be financed over a 5 year period with a 2.77% interest rate. The first annual payment of \$24,000 has been included in this proposed FY 2017 budget.

The FY 2017 proposed operating budget for Police is recommended at \$2,066,419, an increase of \$285,411 as compared to the FY 2016 budget amount of \$1,781,088. Public Safety expenditures represent 26.9% of the overall general fund expenditures budget.

Municipal Court

There are currently five (5) full time positions authorized in the Municipal Court Office; one (1) Records Manager/Clerk of Court, one (1) Deputy Court Clerk and three (3) Court Clerks. Costs associated with this function historically have been comingled with the Police Department. Beginning in FY 2016 and continuing for FY 2017, expenditures for this department have been segregated to reflect the true cost of providing this service. Expenditures in this department have increased from \$571,212 in FY 2016 to \$614,053 proposed in FY 2017, or 10.6% of the General Fund budget. This increase is due primarily to increases in salary and benefits costs and the purchase and implementation of a new court management and records system.

Public Works/Building & Grounds/Parks

The current staffing level for the Public Works department is as follows; nine (9) full time authorized positions; a Public Works Director, two (2) Crew Leaders, one (1) CDL Driver/Equipment Operator and five (5) Laborer positions. The FY 2017 budget anticipates the addition of one (1) seasonal part time employee.

During the peak summer months, pavilion rentals, pool attendance and general park attendance at Milan Park is very high. In order to provide adequate grounds maintenance and customer service, the department must frequently assign one or two full time employees to work on the weekend. Overtime costs incurred and/or compensatory time granted during the regular Monday through Friday work week, have become significant. Authorizing the creation of a seasonal part time Park Attendant, (26 hours weekly for 26 weekends), will mitigate these costs and impacts and provide a more cost effective method to provide the needed coverage. The annual costs for this position will be \$10,140.

Last year, the Council authorized the creation of one (1) part-time Custodial position in this department. The department determined that it would be more cost effective and efficient to provide this service through a contractor. The City has contracted with Dwell, a cleaning firm that hires and employs former refugees. This arrangement has been successful. Therefore, this position has not been included for funding for FY 2017 and instead the funds have been allocated to professional services.

The Public Works Department currently has four (4) passenger trucks in its fleet. One of those vehicles is over 13 years old and has over 135,000 miles on the odometer. With the increase in staff, there is a need for additional passenger trucks to transport staff and community service workers to and from the various job sites. Therefore, I am recommending that we include the purchase of two (2) Ford 150 pickup trucks in FY 2017. Both vehicles will be purchased using the GMA lease purchase program. The costs of the vehicles will be amortized over a 5 year period with an interest rate of 2.77%. The first annual payment of \$12,400 has been included in this FY 2017 budget.

In order to effectively maintain the additional ROW acquired as a result of annexation, I am recommending the purchase of one additional Hustler Riding Lawn Mower at a cost of \$8,600. To provide an appropriate space for the Park Attendant, this budget includes \$6,000 for the purchase of a modular building to be placed at Milam Park. The HVAC system at City Hall is quite old and has failed consistently over the past five years requiring expensive repairs each occasion. Therefore, this budget includes \$21,000 which will cover the costs of purchasing and installing a new HVAC system at the City Hall building. Additionally, the wiring at the various Milam Park buildings and pavilions is quite old and in need of replacement. \$15,000 has been included for electrical wiring improvements to the pavilions at Milam Park. All of the above mentioned expenditures have been included in the proposed FY 2017 budget and can be found in the Capital Projects Expenditures budget section.

The FY 2017 budget for Public Works, Building & Grounds and Parks is \$1,008,541 versus \$930,983 in FY 2016 and represents 13.1% of the total General Fund Expenditures budget.

Planning and Development

The Department of Planning and Development is responsible for all zoning, plan review, building inspection and permitting functions. The Planning & Development Manager has been assigned to manage the activities of our technical consultants associated with these activities in addition to providing technical assistance to the Planning and Zoning Board, Mayor and City Council, and the City Manager. Professional fees for zoning, planning and building inspection services are currently budgeted in this department.

Effective code enforcement will be critical to the future success of Clarkston's economic development efforts. Given the age of many of our commercial, retail and multi-family dwellings, greater focus will be required to address the many property maintenance issues that continue to persist. There will also be a pronounced need to bring the many commercial and retail businesses and multi-family complexes obtained as a result of annexation, into compliance. Therefore, for FY 2017, we will transition back to providing code enforcement

services utilizing a full time staff person employed directly by the City of Clarkston versus providing this service via a private contractor. We will continue to contract with a third party vendor to assist staff with providing construction plan review and building and fire inspection services.

The recommended FY 2017 budget for Planning and Development is \$319,913 versus \$307,284 in FY 2016 which represents 4.2% of the total General Fund Expenditures budget.

Capital Projects/Debt Service

During the Regular Council meeting held on August 6, 2013, the City Council approved a multiyear Sidewalk Improvement Plan. Project components were selected utilizing the following criteria:

- Sidewalk systems that are on major transportation corridors and are utilized by a significant number of pedestrians are high priority
- Exclude sidewalk systems that are located within the project limits of the "City Streetscape Program"
- Installation of new sidewalks where pedestrian demand is high takes priority over repairing existing systems
- Maximize utilization of LMIG funding

During FY 2017, Phase II & III of the Sidewalk Improvement Plan will be constructed which will include the following sections:

Phase II

- East Ponce de Leon Ave from West Smith Street to Cobblemill Apartments

Phase III

- East Ponce de Leon Ave from Market Street to Montreal

The estimated cost to complete Phase II of the Sidewalk Improvement Plan is \$212,500. LMIG grant funds totaling \$75,921 from the Georgia Department of Transportation as well as HOST Revenue funding estimated at \$50,000 will offset the cost of this project. Therefore, \$86,579 has been included in the FY 2017 General Fund Capital Projects budget to complete this project.

The estimated cost to complete Phase III of the Sidewalk Improvement Plan is \$67,000 and this amount has been included in the FY 2017 General Fund Capital Projects budget to complete this project.

An application was submitted in 2015 to the Georgia Department of Transportation requesting grant funds appropriated through their (REBC) Roadside Enhancement Beautification Council program. The maximum award for this gateway enhancement effort of \$50,000 was awarded to the City of Clarkston in June of 2016. The grant will fund all labor and material cost to install a GDOT approved landscaping project up to a maximum of \$50,000 at the I-285 and Church Street exit ramp.

The total cost for this project is estimated to be \$154,000 and expenditures will occur over the 2016 & 2017 fiscal years. \$25,000 was allocated in FY 2016 to cover project design and permitting costs, however the City only incurred costs totaling \$8,200 in FY 2016. Expenditures in FY 2017 are estimated at \$58,000 for the installation of the Gateway Landscaping and \$88,000 for design, permitting, construction and inspection of the Gateway Monument. The grant award of \$50,000 will reduce the cost to install the Gateway Landscaping. Therefore, \$96,000 has been included in the Capital Projects Expenditure budget to complete this project.

Friendship Forrest Wildlife Sanctuary is a 15.7 acre former county park located ½ mile from the Clarkston central business district. Access to the area is gained from East Ponce de Leon which is the main thoroughfare and busiest street in Clarkston. This potential regional asset has largely been underutilized due to its undeveloped condition and lack of visibility from the street. Beginning in July of 2015, the City of Clarkston began a series of public meetings designed to gain input regarding the redevelopment of this valuable greenspace. This community engagement effort culminated in the development of a “Master Plan” which was completed and submitted to the Clarkston City Council in January, 2016. This proposed FY 2017 budget assumes implementation of this “Master Plan.”

The estimated cost to complete all phases of the Friendship Forrest Redevelopment Plan to include design, permitting, construction and legal/financing costs, is approximately \$1,350,000. Loan proceeds to complete this project are available contingent upon the City designating the greenspace as an Urban Redevelopment Area and adopting an Urban Redevelopment Plan. The \$1,350,000 principal amount will be financed over an eight year period at an interest rate of 2.77%. Therefore, this proposed FY 2017 budget includes the first annual loan payment of \$186,225 annually.

In 2005, the City of Clarkston was awarded a \$3.6 million dollar Federal Highway Administration Earmark for construction of a Streetscape project. Acceptance of the FHWA grant funds in 2013 required a guarantee to provide a local 20% match for project construction costs in addition to a commitment to cover significant portions of the engineering, design, environmental assessment and right-of-way acquisition costs. In order to provide funding for the required local match, Clarkston received a GTIB (Georgia Transportation Infrastructure Bank) loan of \$2 million dollars administered through the State Road and Toll-way Authority, amortized over fifteen (15) years with an interest rate of 2.4%. Repayment of this loan will not commence until after the conclusion of the four (4) year “spend down” period, which is 2018. At the conclusion of the “spend down” period, quarterly payments of \$39,725 will commence. Capital project expenditures related to this project in FY 2017 are estimated at \$350,000 and therefore, this amount has been included in the FY 2017 Capital Projects Expenditure budget. Reimbursements from the loan proceeds will provide a 100% offset of this expenditure.

The City Hall Annex project, which began in FY 2012, was successfully completed in FY 2013. Funding for the construction of this project was obtained through a GMA Lease Purchase agreement. This agreement includes a \$700,000 loan amortized over fifteen (15) years with an interest rate of 3.22%. To cover the required loan payments, \$59,000 has been included in the FY 2017 budget.

The Public Works facility was successfully completed in FY 2014. Funding for construction of this facility was obtained through a five (5) year \$325,000 GMA Lease Purchase agreement at an interest rate of 1.96%. The annual cost of the loan repayment is \$72,200 and has been included in the FY 2017 budget.

The total FY 2017 General Fund appropriation for Capital Projects is \$2,262,600. The total FY 2017 General Fund appropriation for Debt Service is \$365,855.

Storm Water Utility Fund

Storm Water Utility Funds revenue have increased to \$227,742 in FY 2017 as compared to \$179,600 in FY 2016. This increase is due to additional land mass acquired as a result of annexation.

The City will continue to address storm water maintenance issues throughout the City and implement the City’s Storm Water Management Plan as required by the Georgia Environmental Protection Division.

Funding in the amount of \$76,051 has been included in this FY 2017 Storm Water budget to address a long standing and persistent storm water drainage issue near East Ponce de Leon and Mell Avenue.

Sanitation Enterprise Fund

The Sanitation Enterprise Fund continues to perform adequately. Expenditures and revenues for FY 2017 are projected at \$190,000. The contract with Waste Management provides for an annual increase commensurate with the CPI. The CPI for 2016 has been less than 1%. I do not anticipate a request for an increase in our contract amount in 2017. Therefore, I am not recommending an increase in the sanitation fee for FY 2017.

Grant Funds

The City of Clarkston will receive funding from three (3) grant sources during the FY 2017 budget year. The City will receive \$75,921 from the Local Maintenance & Improvement (LMIG) state grant fund. These grant funds, administered by GDOT, will be utilized to offset Sidewalk Improvement Plan construction costs in FY 2017.

The City will also receive a grant award of \$50,000 from the DeKalb County Board of Health, "Minority Youth Violence Prevention" program in FY 2017. The purpose of this grant will be to develop intervention strategies programs for minority youth, (primarily males) between the ages of 10 and 18.

The City of Clarkston was awarded a \$50,000 Roadside Enhancement and Beatification grant from the Georgia Department of Transportation. This \$50,000 grant will be utilized to Install landscaping and provide for construction of a gateway monument on the I-285 and Church Street exit ramp.

Community Development Projects

The City of Clarkston believes that it is important to support programs and projects that enhance the quality of life for all residents. Therefore in FY 2017, this budget appropriates \$62,500 to support the following Community Development Projects:

- Community Ambassador Program - \$5,000
- Public Arts Programs - \$10,000
- Clarkston Community Festival - \$5,000
- Sagal Radio - \$7,000
- Clarkston Speaks Survey Project - \$5,000
- Clarkston Community Center - \$20,000
- Clarkston Special Events - \$12,000

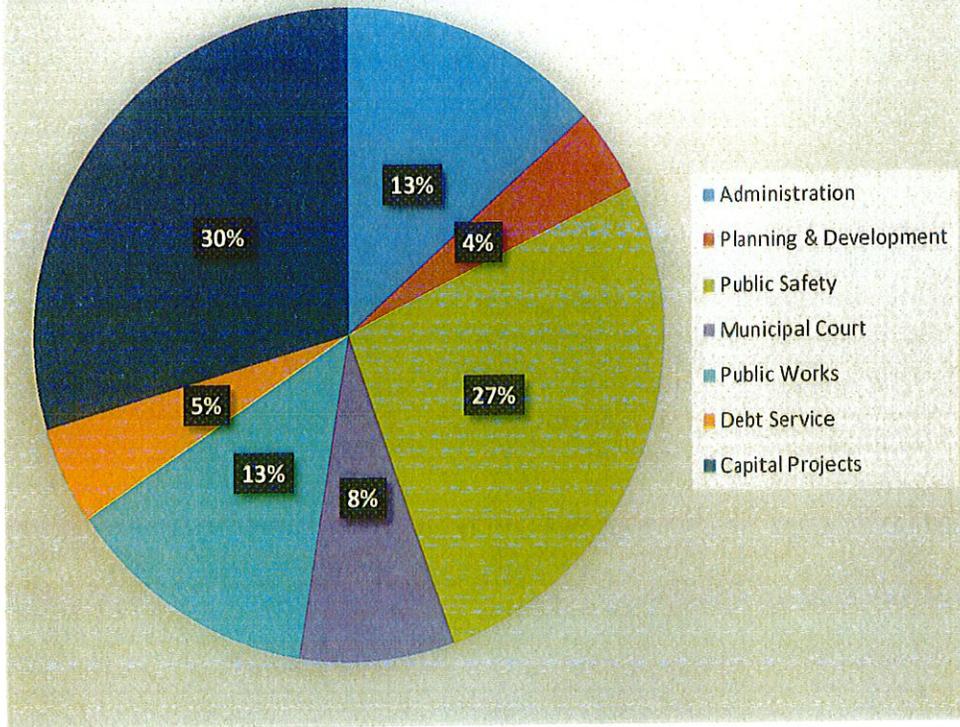

Expenditures Summary

The total proposed FY 2017 Expenditure Budget for all funds is \$8,385,006 which represents an increase of \$2,628,046 as compared to \$5,756,960 in FY 2016.

The proposed FY 2017 General Fund operating budget of \$7,680,507 represents a \$2,564,197 increase as compared to the FY 2016 amount of \$5,116,310. In addition to the General Fund operating budget, a Capital Projects budget, a Matching Grants Fund budget and a Community Development Projects budget have been included in this budget document.

As depicted in the chart below, the largest expenditure categories by percentage are; Capital Projects at 30% and Public Safety at 27% of the total expenditure budget. At over 57% of the overall budget, these figures demonstrate the City's commitment to Public Safety and improvement of our assets and infrastructure. Administrative costs as a percentage of expenditures has decreased from 18% in FY 2016 to 13% in FY 2017. Debt service costs remain manageable at 5% of total FY 2017 expenditures.

2017 General Fund Expenditures by Function

Revenues Summary

The proposed FY 2017 Total Revenue - All Funds estimate of \$8,385,006 represents an increase of \$2,548,796 or 43.7% as compared to \$5,836,510 in FY 2016. The proposed General Fund revenue estimate for FY 2017 is \$7,680,507 versus \$5,116,310 in FY 2016. This is an increase of \$2,564,197 or 50% in FY 2017 versus FY 2016.

The City continues to benefit from the effects of our successful annexation efforts. Increases in several revenue categories have contributed to the higher revenue numbers. Additionally, these revenue estimates also include the proceeds from all capital leases and debt issuances totaling \$1,957,500 which must be shown as revenue in the year in which they are received.

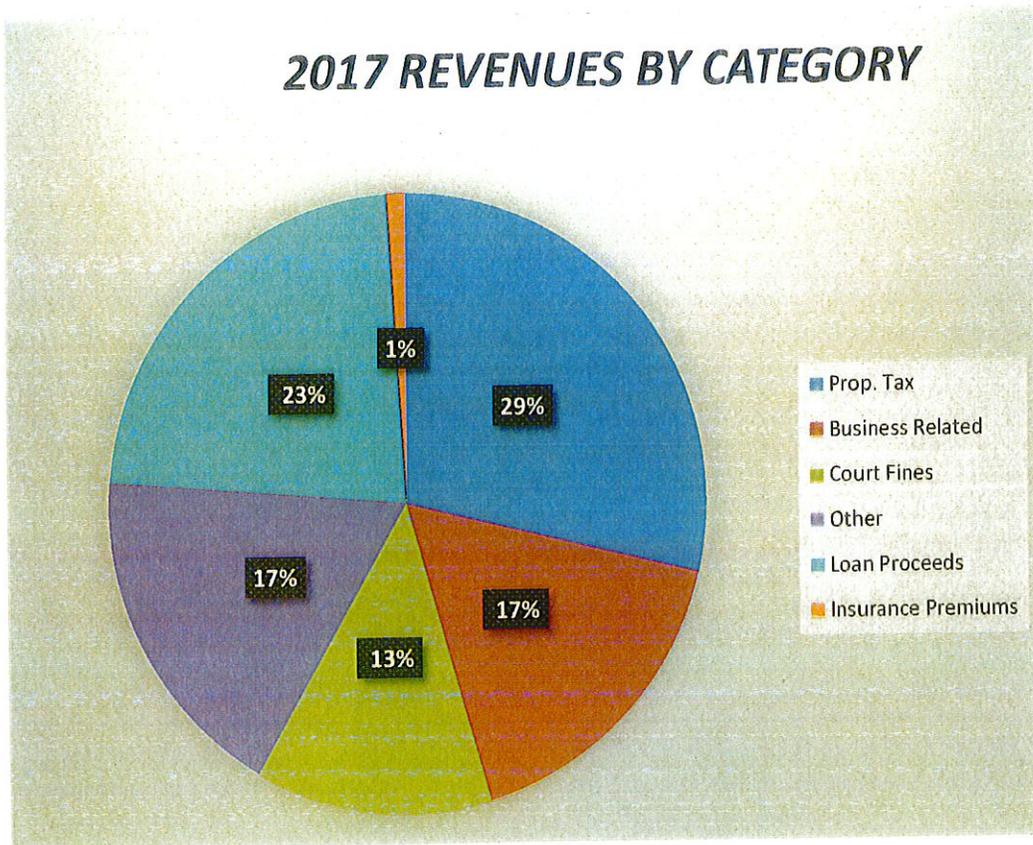

As depicted by the chart below, the largest revenue categories by percentage are; Real Property Taxes at 29% and Proceeds from Capital Leases and Debt Issuance at 23% of total budget. Municipal Court Fines continue to be a significant revenue source at 13%, however this revenue category has continued

to decline as a pro-rata share of the general fund budget. Municipal Court represented 26% of the total general fund budget in FY 2015.

Additionally, significant increases in all business activity revenue categories have been realized, primarily as a result of acquiring new businesses and commercial properties through annexation as well as improved collection efficiencies. Revenue estimates for business activity related line items have increased from representing only 2.8% of total revenue estimates in FY 2014, to 17% of total revenue estimates for FY 2017.

Strategies such as annexation, business development and the successful pursuit of grant funding, in conjunction with an overall increase in the tax digest, have allowed the City to grow and diversify our revenue sources.

2017 REVENUES BY CATEGORY

Adoption Process

The proposed FY 2017 Budget will be transmitted to the Mayor and Council on November 10, 2016. Additionally, copies of this document will be available for public review at the Clarkston Branch Library, Clarkston City Hall and on the City of Clarkston website. A public hearing will be held to afford the public an opportunity to provide comments and feedback on the proposed budget at 7:30 pm on November 29, 2016 during the City Council Work session and Special Called Meeting. A budget ordinance will be prepared and presented for consideration and adoption at the City of Clarkston Council meeting on December 6, 2016.

I will be happy to make myself available to you so that we may review the following budget proposal at your convenience.
