PURPOSE:

To adopt an amendment to Chapter 10, the Clean Indoor Air Ordinance, to allow temporary grandfather at certain restaurants.

NEED/ IMPACT:

On August 4th, the Clarkston City Council adopted the Clean Indoor Air Act with provided for the elimination of all indoor smoking at restaurants. Enforcement of the Clean Indoor Air Ordinance has had the unintended consequence of disproportionately hurting certain restaurant businesses and the City Council desires to temporarily allow smoking at such restaurants so that they will have time to transition away from smoking. The PUBLIC SAFETY AND LEGAL COMMITTEE has drafted an amendment to the Clean Indoor Air Ordinance for consideration of adoption.

RECOMMENDATIONS:

No Staff recommendation.
