Keith Barker

MEMORANDUM

To: Mayor Ted Terry
Councilman James Carroll
Councilman Awet Eyasu
Councilman Ahmed Hassan
Councilman Dean Moore
Councilman Mario Williams

From: Keith Barker ICMA-CM, City Manager

Date: November 9, 2017

Re: Proposed 2018 Fiscal Year Budget

Please find attached the proposed FY 2018 All Funds Budget for the City of Clarkston. This budget was compiled with the input and assistance from the Department Heads, Finance Director and in consultation with the Mayor and City Council. This proposed budget, as presented, is balanced, i.e., revenues equal expenditures, in accordance with Georgia State Law.

BUDGET OVERVIEW

The total proposed FY 2018 Expenditure Budget for all funds is \$12,937,105. The total proposed FY 2018 Revenue Budget for all funds is \$12,937,105. Both the Expenditure and Revenue estimates represent a 54% increase compared to the FY 2017 amount of \$8,377,006.

The proposed FY 2018 General Fund Operating Budget of \$5,883,405 represents a decrease of \$89,702 as compared to the FY 2017 amount of \$5,973,107. In addition to the General Fund operating budget, a Capital Projects budget, a Matching Grants Fund budget and a Community Action Projects budget have been included in this budget document. Segregation of these expenditure types will allow for a more transparent budgeting process. Details regarding expenditures in all four categories are included in this budget transmittal letter.

Administration

Total expenditures in the Administration Department have increased from \$974,647 in FY 2017 to \$1,112,435 proposed in FY 2018. Increases in salary, health insurance and retirement have contributed to the increase in the Administration Department budget in FY 2018. However, this department budget continues to reflect an overall long term reduction when compared against the FY 2015 budgeted amount of \$1,328,261. Personnel costs such as, Group Health Insurance, Retirement and Worker's Compensation Insurance have been allocated to each department versus including those expenditures in Administration. Allocating Personnel costs to the department budgets will provide a more accurate picture of the cost to provide that particular municipal service. The Administration Department budget figure represents 18.9% of the total General Fund Budget.

Due to rising health care costs, the total cost for Group Health Insurance has increased from \$373,812 in FY 2017 to \$399,500 in FY 2018. Group Health Insurance costs remain reasonable as this amount represents only 6.7% of total General Fund Operating expenditures.

The City of Clarkston Defined Benefit Retirement Plan formula has historically been below what comparable municipalities provide their employees. Marginal plan enhancements were made beginning in FY 2014 however these enhancements were effective only as far back as the 2014 service year and therefore did not extend back to an employee's initial date of hire. In order to aid in the recruitment and retention of a qualified workforce especially public safety employees, and to provide a fair and equitable retirement to long serving employees, additional enhancements to the Retirement Plan were approved by the City Council in FY 2017. The total cost for Retirement Contributions in FY 2018 is estimated to be \$426,100 as compared to \$398,638 in FY 2017. At 7.2% of total General Fund Operating expenditures, this amount is still well within acceptable industry standards for this expenditure category.

Police

For FY 2018, the Clarkston Police Department authorized and funded staffing level is recommended at twenty-three (23) full time personnel. Full-time personnel are organized as follows; a Police Chief responsible for management of the department, an Assistant Chief who commands the operational uniform and criminal investigations divisions, a Training and Certification Officer who serves as the department's accreditation and state certification manager and will also serve as the department's training officer to insure all personnel meet P.O.S.T certification requirements and a Captain that is currently assigned to a DEA Task force, three (3) detectives and seventeen (16) patrol officers, four (4) of whom are Sergeants serving as shift or CID supervisors.

The recruitment of qualified and desirable candidates to fill our police officer positions continues to be a challenge. There has been a reduction in the number of qualified individuals choosing law enforcement as a profession. Consequently, competition to attract and employ qualified candidates has increased. Additionally, we continue to lose experienced officers once they have obtained two to three years of training to other agencies. Despite efforts in 2017 to remain competitive such as; increasing the starting salary and providing signing bonuses for new officers, the police department has maintained an average of four (4) vacant police officer positions throughout the 2017 budget year.

The scarcity of qualified police officer candidates is not unique to Clarkston as surrounding municipal agencies are reporting similar difficulties with recruitment efforts. As a result of this continuing vacancy rate and in an effort to propose a fiscally conservative budget, I am recommending that we not fund three (3) vacant police officer positions in the FY 2018 budget. If during the 2018 fiscal year, all vacant police officer positions are filled and if there are qualified candidates available and there exists a demonstrated need to fill those positions, the administration will request a budget amendment to appropriation funds to fill those positions.

Law enforcement officials are employed to keep the peace as much as they are to enforce laws, so non-lethal methods of restraint are important. The use of Tasers is becoming increasingly common in the United States. Although there exists some pros and cons related to the use of Tasers, the single most salient benefit of a non-lethal weapon such as a Tasers is that it doesn't cause lasting physical damage when it's used properly. The downside to Tasers is that they require a great deal of training that many police departments aren't equipped to give, unlike the well-established and historic lessons associated with firearm use.

Therefore, this FY 2018 budget allocates \$8,700 from the Federal Seizure fund for the first of three annual payments for the lease purchase of Tasers to be issued to all patrol officers. Prior to authorizing the purchase of the Tasers, the department must demonstrate that all personnel have been certified or recertified in the proper use of these devices. The department currently has a Taser use policy and will also benefit from having a certified Taser instructor within the department.

The FY 2018 proposed operating budget for Police is recommended at \$2,114,502, an increase of \$108,083 as compared to the FY 2017 budget amount of \$2,006,419. Public Safety expenditures represent 35.9% of the overall general fund expenditures budget.

Municipal Court

There are currently five (5) full time positions authorized in the Municipal Court Office; one (1) Records Manager/Clerk of Court, one (1) Deputy Court Clerk and three (3) Court Clerks. Costs associated with this function historically have been comingled with the Police Department. Beginning in FY 2016 and continuing for FY 2018, expenditures for this department have been segregated to reflect the true cost of providing this service. Expenditures in this department have decreased from \$614,053 in FY 2017 to \$594,065 proposed in FY 2018, or 10.1% of the General Fund budget.

Public Works/Building & Grounds/Parks

The current staffing level for the Public Works department is as follows; nine (9) full time authorized positions; a Public Works Director, two (2) Crew Leaders, one (1) CDL Driver/Equipment Operator and five (5) Laborer positions. The FY 2018 budget anticipates the addition of three (3) seasonal part time employees.

During the peak summer months, pavilion rentals, pool attendance and general park attendance at Milam Park is very high. In order to provide adequate grounds maintenance and customer service, the department must frequently assign one or two full time employees to work on the weekend. Overtime costs incurred and/or compensatory time granted during the regular Monday through Friday work week, have become significant. Authorizing the creation of a seasonal part time Park Attendant, (26 hours weekly for 26 weekends), will mitigate these costs and impacts and provide a more cost effective method to provide the needed coverage. The annual costs for this position will be \$14,192.

The City has contracted with a private landscape firm to mow and maintain the CSX right-of-way over the last 6 years at a cost of \$31,000 annually. This budget anticipates transferring the CSX ROW maintenance responsibility back to the Clarkston Public Works Department. In order to accommodate the additional work load, this budget recommends the creation of two (2) seasonal part-time employees. The additional staff will be employed during the peak grass growing season, (April – August) and will work 5.5 hours per day, 5 days per week for 22 weeks. The annual total cost for both positions will be \$20,582.

The Public Works Department currently has four (4) passenger trucks in its fleet. One of those vehicles is over 13 years old and has an undetermined amount of miles due to a broken odometer. Given the advanced age and repair cost of this vehicle, and the increase in staff, there is a need for an additional passenger truck to transport staff and community service workers to and from the various job sites. Therefore, I am recommending that we include the purchase of one (1) Ford F-150 pickup trucks in FY2018 budget. The cost of the vehicle is estimated at \$24,000 and that amount has been included in the FY 2018 capital projects budget.

The Public Works Department does not own a chipper and has been required to rent this type of equipment frequently. The recent storm and hurricane damage created a significant need and demand for chippers and availability was an issue. Given the frequency with which our Public Works department has found a need to rent this type of equipment, it will now be more cost effective to purchase a chipper versus renting. Therefore, \$38,000 has been allocated for the purchase of a chipper in the FY 2018 capital projects budget.

The FY 2018 budget for Public Works, Building & Grounds and Parks is \$1,075,784 versus \$1,008,541 in FY 2017 and represents 18.2% of the total General Fund Expenditures budget.

Planning and Development

The department of Planning and Development is responsible for all zoning, plan review, building inspection and permitting functions. The Planning & Development Manager has been assigned to manage the activities of our technical consultants associated with these activities in addition to providing technical assistance to the Planning and Zoning Board, Mayor and City Council, and the City Manager. Professional fees for zoning, planning and building inspection services are currently budgeted in this department.

Effective code enforcement will continue to be critical to the future success of Clarkston's economic development efforts. Given the age of many of our commercial, retail and multi-family dwellings, the City will continue to focus on addressing property maintenance issues that continue to persist. Code enforcement has done an excellent job of bringing the many commercial and retail businesses and multi-family complexes obtained as a result of annexation, into compliance. Therefore, for FY 2018 the City will continue to provide code enforcement services utilizing a full time staff person employed directly by the City of Clarkston as well as one (1) contracted staff person to assist with business license compliance. Additionally, the City will continue to contract with a third party vendor to assist staff with providing construction plan review and building and fire inspection services.

The recommended FY 2018 budget for Planning and Development is \$308,198 versus \$319,913 in FY 2017 which represents 5.2% of the total General Fund Expenditures budget.

Community Action Projects

The City of Clarkston believes that it is important to support programs and projects that enhance the quality of life for all residents. Therefore in FY 2018, this budget appropriates \$60,000 to support the following Community Action Projects:

- Senior Programs - \$15,000
- Public Arts Programs - \$10,000
- Recreation Programs - \$8,000
- Clarkston Community Festival - \$2,000
- Sagal Radio - \$5,000
- Clarkston Community Center - \$10,000
- Clarkston Special Events - \$10,000

Capital Projects/Debt Service

During the Regular Council meeting held on August 6, 2013, the City Council approved a multiyear Sidewalk Improvement Plan. Project components were selected utilizing the following criteria:

- Sidewalk systems that are on major transportation corridors and are utilized by a significant number of pedestrians are high priority
- Exclude sidewalk systems that are located within the project limits of the “City Streetscape Program”
- Installation of new sidewalks where pedestrian demand is high takes priority over repairing existing systems
- Maximize utilization of LMIG funding

During FY 2017, construction of Phase II & III of the Sidewalk Improvement Plan has either been completed or begun which includes the following sections:

Phase II

- East Ponce de Leon Ave from West Smith Street to Cobblemill Apartments

Phase III

- East Ponce de Leon Ave from Market Street to Montreal Rd and portions of Montreal Rd

Construction of the Phase III project will begin in late November 2017. The construction will not be completed until 2018. The cost estimate to complete Phase III of the Sidewalk Improvement is \$140,000 to \$170,000. \$67,500 was allocated in the FY 2017 Capital Projects budget. Therefore, \$80,000 has been included in the FY 2018 General Fund Capital Projects budget to complete this project.

An application was submitted in 2015 to the Georgia Department of Transportation requesting grant funds appropriated through their (REBC) Roadside Enhancement Beautification Council program. The maximum award for this gateway enhancement effort of \$50,000 was awarded to the City of Clarkston in June of 2016. The grant funded all labor and material cost which has resulted in the installation of landscaping at the I-285 and Church Street exit ramp.

The next phase of this project will entail the construction of a Gateway Monument Sign. The estimated cost of the Gateway Monument Sign is \$80,000. Therefore, \$80,000 has been included in the Capital Projects Expenditure budget to complete this project.

Friendship Forest Wildlife Sanctuary is a 15.7 acre former county park located ½ mile from the Clarkston central business district. Access to the area is gained from East Ponce de Leon which is the main thoroughfare and busiest street in Clarkston. This potential regional asset has largely been underutilized due to its undeveloped condition and lack of visibility from the street. Beginning in July of 2015, the City of Clarkston began a series of public meetings designed to gain input regarding the redevelopment of this valuable greenspace. This community engagement effort culminated in the development of a “Master Plan” which was completed and submitted to the Clarkston City Council in January, 2016. Implementation of the Master Plan began in 2017.

The estimated cost to complete all phases of the Friendship Forest Redevelopment Plan to include design, permitting, construction and legal/financing costs, is approximately \$1,350,000. The City obtained bond financing in the amount of \$1,350,000 to complete this project. The \$1,350,000 principal amount

will be financed over an eight year period at an interest rate of 2.77%. Therefore, this proposed FY 2018 budget includes the second annual bond payment of \$176,115. Capital project expenditures related to this project in FY 2018 are estimated at \$988,998 and therefore, this amount has been included in the FY 2017 Capital Projects Expenditure budget. Reimbursements from the bond financing proceeds will provide a 100% offset of this expenditure.

In 2005, the City of Clarkston was awarded a \$3.6 million dollar Federal Highway Administration Earmark for construction of a Streetscape project. Acceptance of the FHWA grant funds in 2013 required a guarantee to provide a local 20% match for project construction costs in addition to a commitment to cover significant portions of the engineering, design, environmental assessment and right-of-way acquisition costs. In order to provide funding for the required local match, Clarkston received a GTIB (Georgia Transportation Infrastructure Bank) loan of \$2 million dollars administered through the State Road and Toll-way Authority, amortized over fifteen (15) years with an interest rate of 2.4%. Repayment of this loan will commence in FY 2018 which coincides with the conclusion of the four (4) year "spend down" period. Therefore, \$158,902 has been allocated in the Debt Service budget to cover the quarterly payments of \$39,725.

Capital project expenditures related to this project in FY 2018 are estimated at \$4,140,000 and therefore, this amount has been included in the FY 2018 Capital Projects Expenditure budget. Reimbursements from the loan proceeds and the Federal Highway Administration, (FHWA) grant will provide a 100% offset of this expenditure.

The City Hall Annex project, which began in FY 2012, was successfully completed in FY 2013. Funding for the construction of this project was obtained through a GMA Lease Purchase agreement. This agreement includes a \$700,000 loan amortized over fifteen (15) years with an interest rate of 3.22%. To cover the required loan payments, \$59,025 has been included in the FY 2018 budget.

The Public Works facility was successfully completed in FY 2014. Funding for construction of this facility was obtained through a five (5) year \$325,000 GMA Lease Purchase agreement at an interest rate of 1.96%. This loan will be retired in FY 2018 after the last quarterly payment of \$18,043 has been made. This amount has been included in the FY 2018 budget.

The City anticipates the need to obtain a TAN, (Tax Anticipation Note) in FY 2018 as bridge funding until property tax revenues are received in the 4th quarter of 2018, in the amount of \$900,000. The estimated interest and loan origination fees amount is \$12,000 and has been included in the FY 2018 budget.

Capital lease payments associated with the purchase of police vehicles in 2015 and 2017 in addition to the anticipated lease payments associated with the purchase of Tasers total \$71,833 in FY 2018 and this amount has been included in the FY 2018 budget. Revenue to cover this expenditure will be obtained from the Federal Seizure Fund.

The SPLOST referendum was approved by the voters on November 7th, 2017. SPLOST proceeds will be received for 8 months in FY 2018 and will total \$1,213,282.

The FY 2018 General Fund appropriation for Capital Projects is \$150,000. The FY 2018 General Fund appropriation for Debt Service is \$467,821.

Storm Water Utility Fund

Storm Water Utility Funds revenue has remained constant at \$227,742 in FY 2018 as compared to FY 2017. The City will continue to address storm water maintenance issues throughout the City and implement the City's Storm Water Management Plan as required by the Georgia Environmental Protection Division.

Funding will be utilized to address storm water issues that may arise in FY 2018.

Sanitation Enterprise Fund

The Sanitation Enterprise Fund continues to perform adequately. Expenditures and revenues for FY 2018 are projected at \$190,786. The contract with Waste Management provides for an annual increase commensurate with the CPI. The projected increase in CPI for 2017 is 2.2% which would equate to a fee increase of approximately \$4,000. I do not anticipate a request for an increase in our contract amount in 2018. Therefore, I am not recommending an increase in the sanitation fee for FY 2018.

Grant Funds

The City of Clarkston will receive funding from two (2) grant sources during the FY 2018 budget year. The City will receive \$80,000 from the Local Maintenance & Improvement (LMIG) state grant fund and \$80,000 from the "Off System Safety" (OSS) programs administered by GDOT. Funding will be utilized to offset Sidewalk Improvement Plan construction costs in FY 2018.

Expenditures Summary

The total proposed FY 2018 Expenditure Budget for all funds is \$12,937,105 which represents an increase of \$4,559,499 as compared to \$8,377,606 in FY 2017.

The proposed FY 2018 General Fund operating budget of \$5,883,405 represents an \$89,702 decrease as compared to the FY 2017 amount of \$5,973,107. In addition to the General Fund operating budget, a Capital Projects budget, a Matching Grants Fund budget and a Community Development Projects budget have been included in this budget document.

As depicted in the chart below, the largest expenditure categories by percentage are; Public Safety at 26%, Administration at 19% and Public Works at 18%.

Revenues Summary

The proposed FY 2018 Total Revenue - All Funds estimate of \$12,937,105 represents an increase of \$4,559,499 or 54.4% as compared to \$8,377,606 in FY 2017. The proposed General Fund revenue estimate for FY 2018 is \$5,883,405 versus \$5,973,107 in FY 2017. This is a decrease of \$89,702 or 1.5% in FY 2018 versus FY 2017.

The City continues to benefit from the effects of our successful annexation efforts. Increases in several revenue categories have contributed to higher revenue numbers. Additionally, these revenue estimates also include the proceeds from all capital leases, bond funding and loan proceeds which must be shown as revenue in the year in which they are received.

As depicted by the chart below, the largest revenue categories by percentage are; Real Property Taxes at 49% and proceeds from Insurance Premiums and Franchise Fees at 22% of General Fund budget. Municipal Court Fines continue to be a significant revenue source at 14%, however this revenue category has continued to decline as a pro-rata share of the general fund budget. Municipal Court fine revenue represented 26% of the total general fund budget in FY 2015.

Additionally, significant increases in all business activity revenue categories have been realized, primarily as a result of acquiring new business and commercial properties through annexation as well as improved collection efficiencies. Revenue estimates for business activity related line items have increased from representing only 2.8% of total revenue estimates in FY 2014, to 9% of total General Fund revenue estimates for FY 2018.

Strategies such as annexation, business development and the successful pursuit of grant funding, in conjunction with an overall increase in the tax digest, have allowed the City to grow and diversify our revenue sources.

Adoption Process

The proposed FY 2018 Budget will be transmitted to the Mayor and Council on November 9th, 2017. Additionally, copies of this document will be available for public review at the Clarkston Branch Library, Clarkston City Hall and on the City of Clarkston website. A public hearing will be held to afford the public an opportunity to provide comments and feedback on the proposed budget at 6:30 pm on November 28th, 2017 during the City Council Special Called Meeting. A budget ordinance will be prepared and presented for consideration and adoption at the City of Clarkston Council meeting on December 5th, 2017.

I will be happy to make myself available so that we may review the following budget proposal at your convenience.
