PURPOSE: The Alcohol Review Committee (ARC) has received and reviewed a new alcohol beverage license application for Beer/Wine/Malt Beverage and Distilled Spirits. The location to be considered for this alcohol beverage license is Angel's located at 1303-B Brockett Road, for a new business.

NEED/ IMPACT: The owner of Angels has made application for an alcohol beverage license for Beer/Wine/Malt and Distilled Spirits. To date: all of the required inspections have been performed and passed as well as all of the required background checks. The ARC has performed a thorough review of the various components to this application. No FOG Inspection is required as the location does not operate a full service commercial style kitchen but will utilize a hot plate cooking surface and a microwave to prepare/heat meals. The owner has been informed that the City will be closely reviewing all quarterly sales reports and monthly distilled spirits tax reports to ensure that they are in compliance with all applicable codes, particularly Sec. 3-27, which articulates the provisions for by-the-drink sales of alcohol only being allowed at bona fide restaurants.

RECOMMENDATIONS: Staff (ARC) recommends that the Mayor and Council approve the alcohol beverage license application for Beer/Wine/Malt Beverage and Distilled Spirits.
