

## RESOLUTION

A RESOLUTION BY THE CITY OF CLARKSTON TO DESIGNATE THE CITY OF CLARKSTON AS A COMMUNITY HONEY BEE HAVEN; AND FOR OTHER PURPOSES.

WHEREAS, Bees and other pollinators are essential to the majority of the flowering plants on our planet; and

WHEREAS, Pollinators are responsible for one out of every three bites of food we eat; and

WHEREAS, Each year since 2006, commercial beekeepers in the U.S. have reported annual losses of bees in excess of what would be considered normal; and

WHEREAS, Multiple, interacting causes are likely contributors to the decline of pollinator populations, including pathogens, habitat loss, and exposure to insecticides; and

WHEREAS, Scientific evidence around neonicotinoid insecticides, including clothianidin, thiamethoxam and imidacloprid is especially compelling and deserves action; and

WHEREAS, threats to pollinators concern the entire food system, where pollination services provided by honey bees and other essential pollinators account for one in every three bites of food, responsible for the pollination of key crops, including almonds, apples, blueberries, cherries and many others, and contributing over \$19 billion worth of services to U.S. agriculture; and

WHEREAS, Honeybees are a keystone indicator species and their decline points to broader environmental degradation; and

WHEREAS, Pollinator population declines may be a disproportionately significant piece of the current collapse in biodiversity that some biologists believe poses an even greater threat to humanity than climate change, which contributes to it; now, therefore, be it
